GEOMETRICAL OPERATIONS

- formal organization , invention
- formal destruction , study , discovery
- formal manipulation , transform , moulding

SIZE

- size
  - increase in size
    - grow , gigantism , amplify , hypertrophy
    - big ,magnify , amplify , enlarge ,
  - decrease in size
    - shrink , collapse , atrophy , small , nano , short

SHAPE

- shape
  - change
  - transform , Modify , convert , Mould
  - crush , mash

LINE OR ARC

- line
  - straighten
- lengthen , linear expansion
- curve , bend

AREA OR BIAXIAL PLANE

- angle
  - bend
- circle
  - surround , roam , around , Spin , revolve , rotate , orbit , encircle
- Roll , Wind , rewind, wrap ,
- Turn , return , twist , flex , bend , curve , Toss , flip , turn up , turn down , turnover

VOLUME

- quantity
  - fill , surmise , overflow

    - leak , ooze , dribble

PASSAGE

- cavity
    - expand , dilate , widen
    - constrict , stenosis , stricture , coarctation , narrow(adjective)

FORMAL SEQUENCING

- content
    - mix , join , integrate , insert
    - separate , assort , sort , separate
- Vse; when things either continue as they were, or else become more or less good.
    - KEEPING AT A STAY.
        - MENDING, emendation, bettering, Reparation, Reformation, Restauration, correct, redress, Improve, Edifie, botch, cobble, clout, patch, Progress, advance.
        - MARRING, Spoiling, Deprave, Impair, spill, taint, alloy, wear, corrupt, vitiate, wast.
