OUTLINE OF PATHOLOGY 3

OUTLINE OF PATHOLOGY

- Accidental start of disease
 - Congenital , Accidental inheritance
 - Genetic disorders
 - hereditary disorders
 - Developmental disorders
 - Developmental disabilities
 - Birth defects
 - Accidentally Acquired
 - non communicable disease
 - Etiological or disease causative conditions
 - Communicable diseases
 - Infections
 - systemic pathology
 - cutaneous conditions
 - More complicated
 - interaction between mother and fetus
 - Sexual Defects
 - maternal defects
 - paternal defects
 - Defective conception
 - Host of disease
 - either male of female
 - infant
 - child
 - adult
 - old person
- Progression of disease , natural history , history of disease
 - pathological sequelae
 - period of Time
 - Acute disease
 - Chronic disease
 - Spread
 - Localized , benign
 - Systemic ,
 - Disseminated , malignant , dangerous
 - changes in host
 - Subclinical
 - Visibility , diagnosis , appearance of signs and symptoms
 - Clinical , symptomatology , accidental signs
- Leading to , prognosis
 - Accidental Death , Normal death
 - Impairment , handicap , amputation , disability
 - Recovery , cured
- Stop of disease
 - Management and prevention
- End of disease , Accidental intervention
 - Treatment or cure

INHERITED OR INBORN

[Genetic disorders](#) . [hereditary disorders](#) . [Developmental disorders](#) . [Developmental disabilities](#) . [Birth defects](#)

ACQUIRED PATHOLOGY

[Physical pathologies](#) . [Electrical Conditions](#) . [Biomolecular or Chemical Conditions](#) . [Cancer or tumour](#) . [Sensitive pathologies](#) . [Degenerative conditions](#) . [Cellular pathology](#)

[Anatomian land traffic types](#)

[air traffic](#) , [food traffic](#) and [water traffic](#)

Autopathologies

- [Tumours](#)
- [Autoimmunity](#)

Biochemical disorders

- [Biochemical accumulations](#) . [Storage disorders](#) . [Nutritional disorders](#) . [Metabolic disorders](#)
- [Autoimmunity](#)
