REGIONS OF BACK .....	3
DORSUM (BACK) .....	3

## REGIONS OF BACK

Regiones dorsales; regiones dorsi	Regions of back
Regio vertebralis	Vertebral region
Regio sacralis	Sacral region
(Foveola coccygea)	(Coccygeal foveola)
Regio scapularis	Scapular region
Trigonum auscultationis	Auscultatory triangle; triangle of auscultation
Regio infrascapularis	Infrascapular region
Regio lumbalis	Lumbar region
(Trigonum lumbale inferius <a href="#">Petiti</a> )	(Inferior lumbar triangle <a href="#">Petiti</a> )
(Trigonum lumbale superius <a href="#">Krausei</a> )	(Superior lumbar triangle <a href="#">Krausei</a> )

## DORSUM (BACK)

Scapula (shoulder blade ) is placed on posterolateral aspect of upper part of thorax.

Eighth rib is just below the inferior angle of scapula.

Iliac crest is a curved bony ridge lying below the waist. Sacrum lies between the right and left dimples of posterior superior iliac spine. Coccyx lies between two buttocks in median plane.
