FOOT ANATOMY 3

FOOT ANATOMY

- Sole of foot
- Dorsum of foot
- FOOT
 - dorsum of foot
 - sole of foot
 - fascia
 - superficial fascia
 - deep fascia
 - plantar aponeurosis
 - fibrous flexor sheath
 - deep transverse metatarsal ligaments
 - muscles
 - muscles of first layer
 - muscles of second layer
 - muscles of third layer
 - muscles of fourth layer
 - artery
 - medial plantar artery
 - lateral plantar artery
 - nerves
 - medial plantar nerve
 - lateral plantar nerve
 - joints
 - intertarsal
 - subtalar or talocalcaneal joint
 - posterior
 - anterior
 - medial
 - plane synovial joint
 - concave facet on inferior surface
 - of body of talus
 - convex facet on middle 1/3 rd
 - talocalcaneonavicular joint
 - calcaneocuboid joint
 - ligaments
 - bifurcate ligament
 - long plantar ligament
 - short plantar ligament or plantar calcaneocuboid ligament
 - smaller intertarsal joints
 - cuneonavicular joint
 - cuboidonavicular joint
 - intercuneiform joint
 - cuneocuboid joints
 - tarsometatarsal
 - metatarsophalangeal
 - interphalangeal
